Organizers

Conference fees

- Early registration (until April 29)
150 EUR/75 EUR for students
- Standard (April 30 – May 13):
200EUR/100 EUR for students
- Late registration (after May 14):
250 EUR/150 EUR for students
- INFOREC Members will benefit
of 50% discount

Overview

The International Conference on Informatics in Economy is one of the first scientific events on this subject in Romania and during the last years has gained an international scientific recognition. At national level, it remains one of the most important scientific events that gather the entire Romanian Economic Informatics community. The goal of this conference is to bring international authors together in challenging research topics. The IE 2022 Conference will be held in Bucharest between 26-27 May, 2022 (online or hybrid, depending on the pandemic situation).

Topics of the conference

The Organizing Committee encourages submissions of papers in the following topic areas:

- Machine learning theory and applications
- Big data management, processing and analytics
- Smart cities and sustainable communities
- IoT management and integration with utilities
- Cloud, distributed and parallel computing
- Cybersecurity
- Mobile-embedded and multimedia solutions
- Quantitative Economics
- Enterprise & Business Solutions
- E-Society, E-Government & E-Education

Submissions

Papers should have a length of 8-10 pages. The paper shall include an introduction on the current research, original solutions, experimental results analysis, conclusions and references. It is allowed only one paper per author. The paper template is available on the conference site.

Publishing

All abstracts of accepted papers will be published in Proceedings of the 21st International Conference on Informatics in Economy (IE 2022), Education, Research & Business Technologies (ISSN: 2247 – 1480).

In addition to Conference Proceedings, the authors are invited to publish an extended paper in thematic issues from several distinguished international, indexed, scientific journals in their respective topics:

- [Electronics](#) (AIS = 0.3, IF = 2.397)
- [Economic Computation and Economic Cybernetics Studies and Research](#) (AIS = 0.143, IF = 0.885)
- [Informatica Economică](#)
- [Economy Informatics](#)
- [Database System Journal](#)

The conference papers will be sent for review to Springer and the accepted papers will be published in a separate conference proceeding by Springer.
